CONVERSATION GAME เกมบทสนทนา

INSTRUCTOR NOTE: Divide the class into two teams. Ask one student from Team 1 to respond to the first question below. The student's score is equal to the number of words in their response. Other members from Team 1 can coach that student for one minute but the chosen student must eventually answer without their help. Draw the table shown below on the board and ask students to help you keep score. Only English words should be counted - no Thai! When the first student is finished, he or she can pick someone from Team 2 to go next. Ask the same question and use the same scoring process. When that student is finished he or she can pick someone from Team 1 to go next, etc. The same question can be asked 2 to 3 times to each team before advancing to the next question.
